Dear Jimmy and Vickie:

We had a very good Sunday night supper from the suggestion I had from you when I talked to you Sunday as I had said we were thinking of going out to dinner some place, and the idea we received from you was just great. We went down to Q.F.C. and bought three different salads and some turkey slices plus Brie cheese, and our catered dinner was delicious.

Yestereday (Monday) was the birthday party for Ruthie. It was just a wonderful party with the men there also; even my brother plus Ralph and Uncle Cully and Uncle Harold as well as your father. We all had presents for Ruthie plus birthday cards which were all funny ones and made us all laugh. Jeanie's house is so very beautiful that Mary said it is absolutely magnificent, including the back patio where the men ate barbecued hamburgers and other foods.

In the morning Ralph and Jeanie went up to Whidby to get Uncle Cully, and Lillian told him that he couldn't go because there were things that she wanted him to do around there, but Ralph told him to come with them, so he got up from the sofa and left with them. I wonder what will happen with those two.

Diane is at her new job right now while I am typing this. I am anxious to hear about her job. Vickie, I think that you have found the perfect place, working for the Opera Company. They are very lucky to have you.

Love,
Mom
